BUILDING & AIR

MAINTENANCE

Photo & Content Update

Delivery Report

April 10, 2026

Prepared by Lockard Design Co. | will@lockard.co

Update Summary

This report covers all changes made to buildingandair.com based on the owner's photo and video submission. All stock imagery has been replaced with real job photos where possible, the flagged cooling tower video has been removed, and new content sections have been added across the site.

19	2	11	1
JOB PHOTOS ADDED	VIDEOS ADDED	BLOG IMAGES SWAPPED	NEW BLOG POST

Job Photos Added to Site

All 19 photos from the owner's submission were optimized (compressed from 3-6MB originals down to 85-322KB each) and added to the site.

PHOTO	SUBJECT	USED ON
Evaporator Coil Fins Closeup	Coil fin detail during inspection	Homepage, Blog, AHU Gallery
Evaporator Coil Surface	Coil surface during assessment	Blog, AHU Gallery
Evaporator Coil Housing Access Panel	AHU with access panel open	Homepage, Blog, AHU Gallery
Flex Duct Interior Inspection (x2)	Spiral liner inside flex duct	Blog, Duct Cleaning Gallery
Rectangular Duct Interior Pre-Cleaning	Duct before cleaning (debris visible)	Homepage, Duct Cleaning Gallery
Insulated Duct Post-Cleaning (x2)	Clean duct interior with liner pins	Homepage, Duct Cleaning Gallery
Insulated Duct Junction	Clean junction point in ductwork	Duct Cleaning Gallery

PHOTO	SUBJECT	USED ON
Duct Interior with Tack Tape (x3)	Green tack tape at duct bottom	Blog, Duct Cleaning Gallery
Clean Plenum with New Liner	Fresh white plenum liner	Homepage, Duct Cleaning Gallery
Plenum Box Duct Liner Inspection	Duct board liner with pins	Blog, Duct Cleaning Gallery
Return Air Grille Dirty (x2)	Egg crate grilles with buildup	Blog, IAQ Gallery
Perforated Ceiling Diffuser (x2)	Supply diffusers in drop tile	Blog, IAQ Gallery
Warehouse HVAC Unit	Commercial unit above pallet racking	Homepage Gallery

Video Changes

ACTION	VIDEO	DETAILS	STATUS
Removed	Cooling Tower Drone Shot	Per owner: "does not operate as a normal cooling tower — fan prop visible where it shouldn't be"	**Removed**
Added	Whipping Supply Duct	Field video showing duct agitation during cleaning	**Live**
Added	Fogging Residence	Fogging treatment demonstration	**Live**

Homepage Changes

Method Section (4 images replaced)

STEP	BEFORE	AFTER
Diagnose	Unsplash stock (generic technician)	Real: evaporator coil housing with access panel open
Document	Unsplash stock (clipboard)	Real: rectangular duct interior before cleaning
Restore	Unsplash stock (coil cleaning)	Real: insulated duct interior after professional cleaning
Verify	Unsplash stock (HVAC unit)	Real: clean plenum with new liner

New Section: "From the Field" Scrolling Gallery

Added a scrolling photo gallery section between "Why Facilities Choose BAM" and "Industries We Serve." Displays all 19 job photos in a continuous horizontal scroll. Full color, rounded cards, fade edges on both sides. Section heading: "Real Work. Real Facilities." with link to services page.

Blog Post Image Replacements

11 of 15 blog posts were updated from Unsplash stock photos to real job photos. 4 posts retained Unsplash images (topics with no matching real photos available).

BLOG POST	BEFORE	AFTER	STATUS
Coil Cleaning vs Restoration	Unsplash stock	Real: evaporator coil fins closeup	✓
Dirty Coils & Static Pressure	Unsplash stock	Real: evaporator coil closeup	✓
Mechanical Hygiene & Legionella	Unsplash stock	Real: evaporator coil housing	✓

BLOG POST	BEFORE	AFTER	STATUS
ASHRAE IAQ Compliance	Unsplash stock	Real: dirty return air grille	✓
IAQ Technical Standards Guide	Unsplash stock	Real: perforated ceiling diffuser	✓
Joint Commission Readiness	Unsplash stock	Real: return air grille (angled)	✓
R-410A Phasedown (new post)	N/A	Real: evaporator coil fins	✓

Cooling Tower Life Extension	Wrong image (hotel)	Unsplash: actual cooling towers	**Fixed**
Cooling Tower Restoration vs Replace	Wrong image (piping)	Unsplash: aerial cooling tower fans	**Fixed**
Legionella Risk in Cooling Towers	Wrong image (desk phone)	Unsplash: aerial cooling tower fans	**Fixed**
K-12 Schools IAQ	Unsplash (school hallway)	Kept: no matching real photos	✓

Blog Card Hover Fix

Fixed an issue where hovering over blog cards on the blog index page caused the image to scale up and crop the top. Reduced hover scale and added centered object positioning.

Service Page Photo Galleries

Added a "From the Field" photo gallery system to service pages. Galleries only appear on pages where real job photos are available. Responsive grid layout: 3 columns on desktop, 2 on tablet, 1 on mobile.

SERVICE PAGE	PHOTOS	GALLERY
NADCA-Aligned Duct Cleaning	13 photos (duct interiors, plenums, diffusers)	✓
Commercial Indoor Air Quality	4 photos (grilles, diffusers)	✓
AHU & Coil Restoration	3 photos (coil fins, surface, housing)	✓
Cooling Tower Restoration	No real photos available	—
Chiller Restoration	No real photos available	—
Basin Restoration	No real photos available	—
Epoxy Coating & Lining	No real photos available	—
Tube Brushing & Descaling	No real photos available	—
Fire Damper Compliance	No real photos available	—
HEPA & Filter Management	No real photos available	—
Mold Remediation	No real photos available	—
Preventive Maintenance	No real photos available	—

> **Note:** The gallery system is built and ready. As the owner submits photos from cooling tower, chiller, epoxy, and other service jobs, we can add galleries to those pages with no code changes needed.
